FANCY Type PANSIES

Harrold's Pedigreed Strain PANSY PLANTS

We supply these in two grades. The large size which is normally about as large as once transplanted stock supplied by most growers. This size will be sent unless it is specified that the smaller stock suited for flat transplanting is desired. The large grade ranges from 20 to 30 pounds per 1,000 shipping weight while the flattening grade is from 12 to 20 pounds.

ABOUT TRANSPORTATION

The price quoted by the hundred plants includes postage to any point in the U. S. A. and orders for less than 250 plants of a variety will be charged for at the 100 price and be postpaid. Not less than 50 plants of a variety will be supplied at wholesale rates. A retail catalogue will be supplied if you want smaller quantities. Minimum plant order at wholesale will be \$2.00.

Orders for larger quantities may be sent Express collect in which case you would pay only the actual amount of the transportation charges on delivery. In this case you remit the net F. O. B. Grants Pass price as quoted by the 1,000 or more.

If you want large orders sent Parcel Post it will be necessary that you remit for the postage or that we make the postage charges C. O. D. In the event that you want the charges made C. O. D. we will make a service charge of 25¢ per carton in addition to the actual postage and collection charges to reimburse us for the added clerical work on C. O. D. forms. If you wish to remit funds for the postage we will be glad to prepay charges and refund to you any overage above actual postage costs, making refund along with the invoice. In remitting funds to prepay postage without C. O. D. send at the rate of \$5.00 per 1,000 plants for large grade and \$4.00 per 1,000 on the smaller size. To most localities this will fully pay the charges with probably some refund. In some cases to points east of the Mississippi River we may have to bill a small balance for transportation which we will do in cases where the above amounts are remitted. You can then send the balance due.

We recommend Parcel Post as being the cheapest and just about as safe but you must select the method desired. If remittance for transport is not made and no instructions are given we will always ship large orders Express collect.

All offers are made with the understanding that we are responsible for delivery in good order only to the office of the transport agency at Grants Pass, Ore. and that thereafter the shipment is the property of the purchaser.

QUANTITY PRICES

Units of not less than 250 plants of a variety may be combined to procure the 1,000 price. The 3,000 price will apply only to units of 1,000 plants or more of a variety where the order total is more than 3,000 in those sorts offered at the 3,000 rate. The 3,000 rate is available only where 3,000 or more is to be shipped at one time.

OUTSTANDING GIANT MIXTURES

VARIETY	PRICE PER	100	1,000
HARROLD'S PEDIGREED GIANT ART-SHADES: The ultimate in the Exhibition types. Largest size, exquisite color range in the shades best adapted for attractive bedding. Our most popular variety. Three thousand for \$35.00.		\$3.00	\$14.00
HARROLD'S PEDIGREED SWISS GIANTS: The finest and most modern Fancy type variety. Fine size and grand color range. A little darker in color than Art-Shades. Three thousand for \$35.00.		3.00	14.00
HARROLD'S PEDIGREED GIANTS: This has been one of our most popular for many years. Of Exhibition type the flowers are large in a pleasing color range. Probably the earliest flowering truly giant variety. 3,000 for \$33.00.		2.85	12.50
HARROLD'S IMPROVED SWISS: A fine Fancy type of giant size and attractive color range. 3,000 for \$30.00.		2.75	12.00
HARROLD'S ALL-AMERICAN BEDDING MIXTURE: Very select. A blended mixture of all the varieties we grow. Excellent as a competitive variety and as a general mixture. 3,000 for \$30.00.		2.75	12.00
JUMBO MIXED: A popular giant bedding mixture. 3,000 for \$29.00.		2.50	12.00
OREGON GIANTS: A good general purpose mixture. 3,000 for \$28.00.		2.50	11.50
MAPLE LEAF GIANTS: Large but limited coloring. 3,000 for \$29.00.		2.50	12.00

SEPARATE COLOR PANSIES

HARROLD'S AZURE GIANTS: Brilliant deep blue.		\$2.50	\$18.00
HARROLD'S GOLDEN GIANTS: Gldn. yllw. with large blotch		2.50	18.00
HARROLD'S RUBY GIANTS: Best deep red shades. Select.		2.50	18.00
BLACK KING: Nearest to a black flower. Very deep purple. ..		2.75	20.00
CORONATION GOLD: Deep yellow self with apricot tinge.		2.50	18.00
DELFT BLUE: Attractive porcelain blue. Novel but not large.		3.00	23.00
ORANGE GIANT: The largest flowered orange. A light shade.		2.75	21.00
PAY DIRT: Very large golden yellow with penciled throat. ..		2.50	18.00
RASPBERRY ROSE: Soft pink, sometimes majenta with velvety blotch of rather large size.		2.75	21.00
PURE WHITE: (Swiss) Large, ruffled & fragrant. Best white.		2.50	18.00

PANSY and VIOLA SEEDS

We supply the most extensive line of these offered by a single firm in the United States. Our complete offers are made in our Harrold's Review under date of July 15, 1951. A copy should have been received by you. If not now available ask for your copy. Also see this for more complete description of plant varieties.

Novelty Pansy Plants

The varieties offered in this group are exclusive Harrold originations developed for special requirements or for their variety. You'll find them of interest. The shipping charges on these will be prepaid anywhere in the U. S.

VARIETY	PRICE PER	100	500
C. W. HARROLD'S PRIVATE BLEND: Our newest novelty (1949-50). For typical coloring see color picture on front of the July Harrold's Review. Colors and combinations in this mixture exceeds 800, all different. Flowers, while not as large as our Harrold's Pedigreed Giant Art-Shades are of heavy texture; many ruffled and frilled. Coloring is extensive in the orchid and pastel shades with many polychrome combinations of metallic sheen. Does not sunburn badly as most strains of this type do and there is practically no trace of the albino characteristics as are found in European pastels and the Butterfly types.		\$4.00	\$16.00
HARROLD'S PEDIGREED NOVELTIES: Surplus from our breeding work. Many unusual types and colors. Desirable where the unusual is wanted.		4.00	16.00
HARROLD'S ATOMIC DAWN: Pastel shades of delicate pink, blue, light gold and apricot blending in many multicolor combinations including orchid like shades. Flower form is good and medium giant size.		4.00	16.00
HARROLD'S SUNSET GIANTS: Sunset tints of orange, gold and red. Very striking. Medium giant size.		4.00	16.00
HARROLD'S PEDIGREED POT PANSIES: A dwarf growing type that is best suited for growing in window and porch boxes, large pots or tubs. Anywhere that quite dwarf habit is an advantage. The flowers are large and color range as varied as our Harrold's Pedigreed Giant Art-Shades.		3.50	14.00
HARROLD'S PEDIGREED CUT-FLOWER PANSIES: OUT-DOOR TYPE. Our original strain, the first to be developed for cut-flower growing. Does quite well under glass or for outdoor culture being as hardy as regular bedding types outside. Produces large flowers with long stems under good culture and the color blend is better than any of the taller strains.		3.50	14.00
HARROLD'S PEDIGREED CUT-FLOWER PANSIES: Greenhouse Type. The tallest growing Pansy often nearly 5 feet high. Flower stems are unusually long, sometimes 16 inches. Excellent color range with giant flower size. This sort is not hardy & will be damaged by temperatures below 20 degrees above zero. Bred expressly for greenhouse culture but may be grown outdoors in mild climates.		8.00	32.00

HARDY PRIMROSES

HARROLD'S PEDIGREED GIANTS: (Polyanthus-Veris Hybrids) An ideal companion line to your Pansies. This variety is the largest flowered and most varied colored strain of this type available today. Supplied in mixed colors only the color blend is most brilliant, containing red, yellow, purple, white, pink, flame and bronze shades with many pastels new to this stock. Not many blue shades, however. Growth is robust, disease resistant and flower heads are massive. A planting of seed made indoors now and kept growing till spring will bloom in 3 inch pots next spring and make nice sales stock.

FRESH CROP SEED: Trade Pkt., about 300 seeds, \$1.00; 3 Pkts. for \$2.50; $\frac{1}{8}$ oz., about 1500 seeds, \$4.00; $\frac{1}{8}$ oz., \$7.50; $\frac{1}{4}$ oz., \$14.00; $\frac{1}{2}$ oz., \$25.00; 1 oz., \$50.00. **SEEDLINGS:** Ready after Dec. 1st. 50 for \$5.00; 100 for \$9.00; 250 for \$20.00 postpaid.
